Nancy I did something to you and Stryker's other owners that I could not blame you if you never forgave me for. I just cannot express how bad I feel about it all now that I know the truth. I am trying to make right what I can. I know he's in the best of homes and is loved and adored like no other. I cared for him in my home just like I would one of my own dogs. I even left work and went flying to the vet's office the day he was neutered when one of the vet staff was going to go give him a pre-load when I called the office. I had specifically told them not to because of the data I had read on the AMTC website. I even printed a copy and handed it to the woman I had moments before had been arguing with. I even had his teeth cleaned when he was neutered.

Thanks,

Nancy,

I would like to get with you sometime in the near future to talk AND APOLOGIZE for my behavior towards you and any and all actions against you that I took part of with or because of Danielle Roberts. Mary told me she has explained the bad position I'm in as far as making sure she signs off on all of the puppies' papers out of the litter by Ennie and P.J. Plus I want her to sign off of Stevie Lynn that was produced when Stryker proved his determination and went over a 6 foot fence to breed Ennie!! I know Danielle will never sign off of Piper (out of

Stryker and Drew) And neither would she sign off of the puppies so I think it would be best if I just spay her. My daughter adores her and Piper trusts and loves her. (Piper has had trust issues since her stay at Danielle's) My daughter would love to do agility with her.

I am deeply ashamed of my own behavior and actions since I came involved with Danielle and want to apologize to you in person at some point. I just can't express how sorry I am for my actions including interfering with your efforts to rightfully regain possession and control of your Stryker.

I know we may never become friends but it is very important to me to at least try to make amends for the past and set things right. I'm in the process of trying to set things right between Mary and myself.

I want you to see how wonderful Stryker is being treated and loved. He lives in Abilene, Texas with my baby brother (retired Air Force), his wife and their daughter Victoria, and a retired Greyhound, Mighty. Stryker and Mighty are best of buds as are Stryker and my brother's mom-in-law's Shih Tzu. He's loved and pampered and spoiled like you would want him to be. They love him dearly.

Thanks,

Teri Serrault
